

Declaration of endorsement

towards the goals of the industry agreement on reduction of food waste

between

(Company)

(henceforth the company)

and

The authorities, namely the Ministry of Climate and Environment

(henceforth the authorities)

-
1. Referring to the industry agreement on reduction of food waste (“The agreement”).

The purpose of the agreement is to cooperate in order to promote better utilisation of resources and raw materials through prevention and reduction of food waste throughout the food chain. Companies signing the declaration of endorsement undertake to contribute to reducing food waste.

Industry organisations (parties to the agreement) coordinate the work of companies in the sector (s) they represent.

2. The overall goal of the industry agreement is a 50 % reduction of food waste in Norway by 2030.

The company is to

- make data available through reporting on food waste in their own company to the industry organisation in their sector.
- undertake actions to reduce food waste in one’s own company.
- collaborate on measures across the value chain where appropriate and within the parameters of the competition law, as described in paragraph 8 of this agreement.

3. The company is to cover costs incurred for reporting and other efforts under the agreement, cf. paragraphs 5 and 8 of the industry agreement.
4. The declaration of endorsement enters into force from the date of signature and is of the same duration as the industry agreement. The company is to be notified if significant changes in the industry agreements occur.

The company can terminate the declaration of endorsement by a one-month’s written notice to the Ministry of Climate and Environment, with a copy to the industry organisation representing them.

5. The declaration of endorsement is to be issued in duplicate.
