Kjell Børge Freiberg, Norwegian Minister of Petroleum and Energy
and
Miguel Arias Cañete, Commissioner for Climate Action and Energy

will be hosting

the 4th EU-Norway Energy Conference
Tuesday 5 February 2019 in Brussels

Norway is a strategic energy partner for the EU, and a major supplier of oil, gas and electricity. Norway is a member of the European Economic Area (EEA), and participates as a full member in the internal energy market. Different aspects of the EU-Norway energy cooperation will be discussed during the conference.

Programme and more information will follow.
