(Acts whose publication is obligatory)

REGULATION (EC) No 562/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL
of 15 March 2006
establishing a Community Code on the rules governing the movement of persons across borders
(Schengen Borders Code)

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Articles 62(1) and (2)(a) thereof,

Having regard to the proposal from the Commission,

Acting in accordance with the procedure laid down in Article 251 of the Treaty ⁽¹⁾,

Whereas:

- (1) The adoption of measures under Article 62(1) of the Treaty with a view to ensuring the absence of any controls on persons crossing internal borders forms part of the Union's objective of establishing an area without internal borders in which the free movement of persons is ensured, as set out in Article 14 of the Treaty.
- (2) In accordance with Article 61 of the Treaty, the creation of an area in which persons may move freely is to be flanked by other measures. The common policy on the crossing of external borders, as provided for by Article 62(2) of the Treaty, is such a measure.
- (3) The adoption of common measures on the crossing of internal borders by persons and border control at external borders should reflect the Schengen *acquis* incorporated in the European Union framework, and in particular the relevant provisions of the Convention implementing the Schengen Agreement of 14 June 1985 between the Governments of the States of the Benelux Economic Union, the Federal Republic of Germany and the French Republic on the gradual abolition of checks at their common borders ⁽²⁾ and the Common Manual ⁽³⁾.

- (4) As regards border control at external borders, the establishment of a 'common corpus' of legislation, particularly via consolidation and development of the *acquis*, is one of the fundamental components of the common policy on the management of the external borders, as defined in the Commission Communication of 7 May 2002 'Towards integrated management of the external borders of the Member States of the European Union'. This objective was included in the 'Plan for the management of the external borders of the Member States of the European Union', approved by the Council on 13 June 2002 and endorsed by the Seville European Council on 21 and 22 June 2002 and by the Thessaloniki European Council on 19 and 20 June 2003.

- (5) The definition of common rules on the movement of persons across borders neither calls into question nor affects the rights of free movement enjoyed by Union citizens and members of their families and by third-country nationals and members of their families who, under agreements between the Community and its Member States, on the one hand, and those third countries, on the other hand, enjoy rights of free movement equivalent to those of Union citizens.
- (6) Border control is in the interest not only of the Member State at whose external borders it is carried out but of all Member States which have abolished internal border control. Border control should help to combat illegal immigration and trafficking in human beings and to prevent any threat to the Member States' internal security, public policy, public health and international relations.
- (7) Border checks should be carried out in such a way as to fully respect human dignity. Border control should be carried out in a professional and respectful manner and be proportionate to the objectives pursued.

⁽¹⁾ Opinion of the European Parliament of 23 June 2005 (not yet published in the Official Journal) and Council Decision of 21 February 2006.

⁽²⁾ OJ L 239, 22.9.2000, p. 19. Convention as last amended by Regulation (EC) No 1160/2005 of the European Parliament and of the Council (OJ L 191, 22.7.2005, p. 18).

⁽³⁾ OJ C 313, 16.12.2002, p. 97. Common Manual as last amended by Council Regulation (EC) No 2133/2004 (OJ L 369, 16.12.2004, p. 5).

- (8) Border control comprises not only checks on persons at border crossing points and surveillance between these border crossing points, but also an analysis of the risks for internal security and analysis of the threats that may affect the security of external borders. It is therefore necessary to lay down the conditions, criteria and detailed rules governing checks at border crossing points and surveillance.

- (9) Provision should be made for relaxing checks at external borders in the event of exceptional and unforeseeable circumstances in order to avoid excessive waiting time at borders crossing-points. The systematic stamping of the documents of third-country nationals remains an obligation in the event of border checks being relaxed. Stamping makes it possible to establish, with certainty, the date on which, and where, the border was crossed, without establishing in all cases that all required travel document control measures have been carried out.
- (10) In order to reduce the waiting times of persons enjoying the Community right of free movement, separate lanes, indicated by uniform signs in all Member States, should, where circumstances allow, be provided at border crossing points. Separate lanes should be provided in international airports. Where it is deemed appropriate and if local circumstances so allow, Member States should consider installing separate lanes at sea and land border crossing points.
- (11) Member States should ensure that control procedures at external borders do not constitute a major barrier to trade and social and cultural interchange. To that end, they should deploy appropriate numbers of staff and resources.
- (12) Member States should designate the national service or services responsible for border-control tasks in accordance with their national law. Where more than one service is responsible in the same Member State, there should be close and constant cooperation between them.
- (13) Operational cooperation and assistance between Member States in relation to border control should be managed and coordinated by the European Agency for the Management of Operational Cooperation at the External Borders of the Member States established by Regulation (EC) No 2007/2004 ⁽¹⁾.
- (14) This Regulation is without prejudice to checks carried out under general police powers and security checks on persons identical to those carried out for domestic flights, to the possibilities for Member States to carry out exceptional checks on baggage in accordance with Council Regulation (EEC) No 3925/91 of 19 December 1991 concerning the elimination of controls and formalities applicable to the cabin and hold baggage of persons taking an intra-Community flight and the baggage of persons making an intra-Community sea crossing ⁽²⁾, and to national law on carrying travel or identity documents or to the requirement that persons notify the authorities of their presence on the territory of the Member State in question.
- (15) Member States should also have the possibility of temporarily reintroducing border control at internal borders in the event of a serious threat to their public policy or internal security. The conditions and procedures for doing so should be laid down, so as to ensure that any such measure is exceptional and that the principle of proportionality is respected. The scope and duration of any temporary reintroduction of border control at internal borders should be restricted to the bare minimum needed to respond to that threat.
- (16) In an area where persons may move freely, the reintroduction of border control at internal borders should remain an exception. Border control should not be carried out or formalities imposed solely because such a border is crossed.
- (17) Provision should be made for a procedure enabling the Commission to adapt certain detailed practical rules governing border control. In such cases, the measures needed to implement this Regulation should be taken pursuant to Council Decision 1999/468/EC of 28 June 1999 laying down the procedures for the exercise of implementing powers conferred on the Commission ⁽³⁾.
- (18) Provision should also be made for a procedure enabling the Member States to notify the Commission of changes to other detailed practical rules governing border control.
- (19) Since the objective of this Regulation, namely the establishment of rules applicable to the movement of persons across borders cannot be sufficiently achieved by the Member States and can therefore be better achieved at Community level, the Community may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty. In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary in order to achieve that objective.
- (20) This Regulation respects fundamental rights and observes the principles recognised in particular by the Charter of Fundamental Rights of the European Union. It should be applied in accordance with the Member States' obligations as regards international protection and non-refoulement.
- (21) By way of derogation from Article 299 of the Treaty, the only territories of France and the Netherlands to which this Regulation applies are those in Europe. It does not affect the specific arrangements applied in Ceuta and Melilla, as defined in the Agreement on the Accession of the Kingdom of Spain to the Convention implementing the Schengen Agreement of 14 June 1985 ⁽⁴⁾.

- (22) In accordance with Articles 1 and 2 of the Protocol on the Position of Denmark annexed to the Treaty on European Union and to the Treaty establishing the European Community, Denmark is not taking part in the adoption of this Regulation and is not bound by it or subject to its application. Given that this Regulation builds upon the Schengen *acquis* under the provisions of Title IV of Part Three of the Treaty establishing the European Community, Denmark should, in accordance with Article 5 of the said Protocol, decide within a period of six months after the date of adoption of this Regulation whether it will implement it in its national law or not.
- (23) As regards Iceland and Norway, this Regulation constitutes a development of provisions of the Schengen *acquis* within the meaning of the Agreement concluded by the Council of the European Union and the Republic of Iceland and the Kingdom of Norway concerning the latter's association with the implementation, application and development of the Schengen *acquis* ⁽¹⁾ which fall within the area referred to in Article 1, point A, of Council Decision 1999/437/EC ⁽²⁾ on certain arrangements for the application of that Agreement.
- (24) An arrangement has to be made to allow representatives of Iceland and Norway to be associated with the work of committees assisting the Commission in the exercise of its implementing powers. Such an arrangement has been contemplated in the Exchanges of Letters between the Council of the European Union and the Republic of Iceland and the Kingdom of Norway concerning committees which assist the European Commission in the exercise of its executive powers ⁽³⁾, annexed to the abovementioned Agreement.
- (25) As regards Switzerland, this Regulation constitutes a development of provisions of the Schengen *acquis* within the meaning of the Agreement signed between the European Union, the European Community and the Swiss Confederation concerning the association of the Swiss Confederation with the implementation, application and development of the Schengen *acquis*, which fall within the area referred to in Article 1, point A, of Decision 1999/437/EC read in conjunction with Article 4(1) of Council Decisions 2004/849/EC ⁽⁴⁾ and 2004/860/EC ⁽⁵⁾.
- (26) An arrangement has to be made to allow representatives of Switzerland to be associated with the work of committees assisting the Commission in the exercise of its implementing powers. Such an arrangement has been contemplated in the Exchange of Letters between the Community and Switzerland, annexed to the abovementioned Agreement.
- (27) This Regulation constitutes a development of provisions of the Schengen *acquis* in which the United Kingdom does not take part, in accordance with Council Decision 2000/365/EC of 29 May 2000 concerning the request of the United Kingdom of Great Britain and Northern Ireland to take part in some of the provisions of the Schengen *acquis* ⁽⁶⁾. The United Kingdom is therefore not taking part in its adoption and is not bound by it or subject to its application.
- (28) This Regulation constitutes a development of provisions of the Schengen *acquis* in which Ireland does not take part, in accordance with Council Decision 2002/192/EC of 28 February 2002 concerning Ireland's request to take part in some of the provisions of the Schengen *acquis* ⁽⁷⁾. Ireland is therefore not taking part in its adoption and is not bound by it or subject to its application.
- (29) In this Regulation, the first sentence of Article 1, Article 5(4)(a), Title III and the provisions of Title II and the annexes thereto referring to the Schengen Information System (SIS) constitute provisions building on the Schengen *acquis* or otherwise related to it within the meaning of Article 3(2) of the 2003 Act of Accession,

HAVE ADOPTED THIS REGULATION:

- (b) the rights of refugees and persons requesting international protection, in particular as regards non-refoulement.

TITLE II

EXTERNAL BORDERS

CHAPTER I

Crossing of external borders and conditions for entry

Article 4

Crossing of external borders

1. External borders may be crossed only at border crossing points and during the fixed opening hours. The opening hours shall be clearly indicated at border crossing points which are not open 24 hours a day.

Member States shall notify the list of their border crossing points to the Commission in accordance with Article 34.

2. By way of derogation from paragraph 1, exceptions to the obligation to cross external borders only at border crossing points and during the fixed opening hours may be allowed:

- (a) in connection with pleasure boating or coastal fishing;
- (b) for seamen going ashore to stay in the area of the port where their ships call or in the adjacent municipalities;
- (c) for individuals or groups of persons, where there is a requirement of a special nature, provided that they are in possession of the permits required by national law and that there is no conflict with the interests of public policy and the internal security of the Member States;
- (d) for individuals or groups of persons in the event of an unforeseen emergency situation.

3. Without prejudice to the exceptions provided for in paragraph 2 or to their international protection obligations, Member States shall introduce penalties, in accordance with their national law, for the unauthorised crossing of external borders at places other than border crossing points or at times other than the fixed opening hours. These penalties shall be effective, proportionate and dissuasive.

Article 5

Entry conditions for third-country nationals

1. For stays not exceeding three months per six-month period, the entry conditions for third-country nationals shall be the following:

- (a) they are in possession of a valid travel document or documents authorising them to cross the border;
- (b) they are in possession of a valid visa, if required pursuant to Council Regulation (EC) No 539/2001 of 15 March 2001 listing the third countries whose nationals must be in possession of visas when crossing the external borders and those whose nationals are exempt from that requirement ⁽¹⁾, except where they hold a valid residence permit;
- (c) they justify the purpose and conditions of the intended stay, and they have sufficient means of subsistence, both for the duration of the intended stay and for the return to their country of origin or transit to a third country into which they are certain to be admitted, or are in a position to acquire such means lawfully;
- (d) they are not persons for whom an alert has been issued in the SIS for the purposes of refusing entry;
- (e) they are not considered to be a threat to public policy, internal security, public health or the international relations of any of the Member States, in particular where no alert has been issued in Member States' national data bases for the purposes of refusing entry on the same grounds.

2. A non-exhaustive list of supporting documents which the border guard may request from the third-country national in order to verify the fulfilment of the conditions set out in paragraph 1, point c, is included in Annex I.

3. Means of subsistence shall be assessed in accordance with the duration and the purpose of the stay and by reference to average prices in the Member State(s) concerned for board and lodging in budget accommodation, multiplied by the number of days stayed.

⁽¹⁾ OJ L 81, 21.3.2001, p. 1. Regulation as last amended by Regulation (EC) No 851/2005 (OJ L 141, 4.6.2005, p. 3).

Reference amounts set by the Member States shall be notified to the Commission in accordance with Article 34.

The assessment of sufficient means of subsistence may be based on the cash, travellers' cheques and credit cards in the third-country national's possession. Declarations of sponsorship, where such declarations are provided for by national law and letters of guarantee from hosts, as defined by national law, where the third-country national is staying with a host, may also constitute evidence of sufficient means of subsistence.

4. By way of derogation from paragraph 1:

- (a) third-country nationals who do not fulfil all the conditions laid down in paragraph 1 but hold a residence permit or a re-entry visa issued by one of the Member States or, where required, both documents, shall be authorised to enter the territories of the other Member States for transit purposes so that they may reach the territory of the Member State which issued the residence permit or re-entry visa, unless their names are on the national list of alerts of the Member State whose external borders they are seeking to cross and the alert is accompanied by instructions to refuse entry or transit;
- (b) third-country nationals who fulfil the conditions laid down in paragraph 1, except for that laid down in point (b), and who present themselves at the border may be authorised to enter the territories of the Member States, if a visa is issued at the border in accordance with Council Regulation (EC) No 415/2003 of 27 February 2003 on the issue of visas at the border, including the issue of such visas to seamen in transit ⁽¹⁾.

Visas issued at the border shall be recorded on a list.

If it is not possible to affix a visa in the document, it shall, exceptionally, be affixed on a separate sheet inserted in the document. In such a case, the uniform format for forms for affixing the visa, laid down by Council Regulation (EC) No 333/2002 of 18 February 2002 on a uniform format for forms for affixing the visa issued by Member States to persons holding travel documents not recognised by the Member State drawing up the form ⁽²⁾, shall be used;

- (c) third-country nationals who do not fulfil one or more of the conditions laid down in paragraph 1 may be authorised by a Member State to enter its territory on humanitarian grounds, on grounds of national interest or because of international obligations. Where the third-country national concerned is the subject of an alert as referred to in paragraph 1(d), the Member State authorising him or her to enter its territory shall inform the other Member States accordingly.

CHAPTER II

Control of external borders and refusal of entry

Article 6

Conduct of border checks

1. Border guards shall, in the performance of their duties, fully respect human dignity.

Any measures taken in the performance of their duties shall be proportionate to the objectives pursued by such measures.

2. While carrying out border checks, border guards shall not discriminate against persons on grounds of sex, racial or ethnic origin, religion or belief, disability, age or sexual orientation.

Article 7

Border checks on persons

1. Cross-border movement at external borders shall be subject to checks by border guards. Checks shall be carried out in accordance with this chapter.

The checks may also cover the means of transport and objects in the possession of the persons crossing the border. The law of the Member State concerned shall apply to any searches which are carried out.

2. All persons shall undergo a minimum check in order to establish their identities on the basis of the production or presentation of their travel documents. Such a minimum check shall consist of a rapid and straightforward verification, where appropriate by using technical devices and by consulting, in the relevant databases, information exclusively on stolen, misappropriated, lost and invalidated documents, of the validity of the document authorising the legitimate holder to cross the border and of the presence of signs of falsification or counterfeiting.

The minimum check referred to in the first subparagraph shall be the rule for persons enjoying the Community right of free movement.

However, on a non-systematic basis, when carrying out minimum checks on persons enjoying the Community right of free movement, border guards may consult national and European databases in order to ensure that such persons do not represent a genuine, present and sufficiently serious threat to the internal security, public policy, international relations of the Member States or a threat to the public health.

The consequences of such consultations shall not jeopardise the right of entry of persons enjoying the Community right of free movement into the territory of the Member State concerned as laid down in Directive 2004/38/EC.

⁽¹⁾ OJ L 64, 7.3.2003, p. 1.

⁽²⁾ OJ L 53, 23.2.2002, p. 4.

3. On entry and exit, third-country nationals shall be subject to thorough checks.

(a) thorough checks on entry shall comprise verification of the conditions governing entry laid down in Article 5(1) and, where applicable, of documents authorising residence and the pursuit of a professional activity. This shall include a detailed examination covering the following aspects:

- (i) verification that the third-country national is in possession of a document which is valid for crossing the border and which has not expired, and that the document is accompanied, where applicable, by the requisite visa or residence permit;
- (ii) thorough scrutiny of the travel document for signs of falsification or counterfeiting;
- (iii) examination of the entry and exit stamps on the travel document of the third-country national concerned, in order to verify, by comparing the dates of entry and exit, that the person has not already exceeded the maximum duration of authorised stay in the territory of the Member States;
- (iv) verification regarding the point of departure and the destination of the third-country national concerned and the purpose of the intended stay, checking if necessary, the corresponding supporting documents;
- (v) verification that the third-country national concerned has sufficient means of subsistence for the duration and purpose of the intended stay, for his or her return to the country of origin or transit to a third country into which he or she is certain to be admitted, or that he or she is in a position to acquire such means lawfully;
- (vi) verification that the third-country national concerned, his or her means of transport and the objects he or she is transporting are not likely to jeopardise the public policy, internal security, public health or international relations of any of the Member States. Such verification shall include direct consultation of the data and alerts on persons and, where necessary, objects included in the SIS and in national data files and the action to be performed, if any, as a result of an alert;

(b) thorough checks on exit shall comprise:

- (i) verification that the third-country national is in possession of a document valid for crossing the border;
- (ii) verification of the travel document for signs of falsification or counterfeiting;
- (iii) whenever possible, verification that the third-country national is not considered to be a threat to public policy, internal security or the international relations of any of the Member States;

(c) In addition to the checks referred to in point (b) thorough checks on exit may also comprise:

- (i) verification that the person is in possession of a valid visa, if required pursuant to Regulation (EC) No 539/2001, except where he or she holds a valid residence permit;
- (ii) verification that the person did not exceed the maximum duration of authorised stay in the territory of the Member States;
- (iii) consultation of alerts on persons and objects included in the SIS and reports in national data files.

4. Where facilities exist and if requested by the third-country national, such thorough checks shall be carried out in a private area.

5. Third-country nationals subject to a thorough second line check shall be given information on the purpose of, and procedure for, such a check.

This information shall be available in all the official languages of the Union and in the language(s) of the country or countries bordering the Member State concerned and shall indicate that the third-country national may request the name or service identification number of the border guards carrying out the thorough second line check, the name of the border crossing point and the date on which the border was crossed.

6. Checks on a person enjoying the Community right on free movement shall be carried out in accordance with Directive 2004/38/EC.

7. Detailed rules governing the information to be registered are laid down in Annex II.

Article 8

Relaxation of border checks

1. Border checks at external borders may be relaxed as a result of exceptional and unforeseen circumstances. Such exceptional and unforeseen circumstances shall be deemed to be those where unforeseeable events lead to traffic of such intensity that the waiting time at the border crossing point becomes excessive, and all resources have been exhausted as regards staff, facilities and organisation.

2. Where border checks are relaxed in accordance with paragraph 1, border checks on entry movements shall in principle take priority over border checks on exit movements.

The decision to relax checks shall be taken by the border guard in command at the border crossing point.

Such relaxation of checks shall be temporary, adapted to the circumstances justifying it and introduced gradually.

3. Even in the event that checks are relaxed, the border guard shall stamp the travel documents of third-country nationals both on entry and exit, in accordance with Article 10.

4. Each Member State shall transmit once a year a report on the application of this Article to the European Parliament and the Commission.

Article 9

Separate lanes and information on signs

1. Member States shall provide separate lanes, in particular at air border crossing points in order to carry out checks on persons, in accordance with Article 7. Such lanes shall be differentiated by means of the signs bearing the indications set out in the Annex III.

Member States may provide separate lanes at their sea and land border crossing points and at borders between Member States not applying Article 20 at their common borders. The signs bearing the indications set out in the Annex III shall be used if Member States provide separate lanes at those borders.

Member States shall ensure that such lanes are clearly signposted, including where the rules relating to the use of the different lanes are waived as provided for in paragraph 4, in order to ensure optimal flow levels of persons crossing the border.

2. (a) Persons enjoying the Community right of free movement are entitled to use the lanes indicated by the sign in part A of Annex III. They may also use the lanes indicated by the sign in part B of Annex III.
- (b) All other persons shall use the lanes indicated by the sign in part B of Annex III.

The indications on the signs referred to in points (a) and (b) may be displayed in such language or languages as each Member State considers appropriate.

3. At sea and land border crossing points, Member States may separate vehicle traffic into different lanes for light and heavy vehicles and buses by using signs as shown in Part C of Annex III.

Member States may vary the indications on those signs where appropriate in the light of local circumstances.

4. In the event of a temporary imbalance in traffic flows at a particular border crossing point, the rules relating to the use of the different lanes may be waived by the competent authorities for the time necessary to eliminate such imbalance.

5. The adaptation of existing signs to the provisions of paragraphs 1, 2 and 3 shall be completed by 31 May 2009. Where Member States replace existing signs or put up new ones before that date, they shall comply with the indications provided for in those paragraphs.

Article 10

Stamping of the travel documents of third-country nationals

1. The travel documents of third-country nationals shall be systematically stamped on entry and exit. In particular an entry or exit stamp shall be affixed to:

- (a) the documents, bearing a valid visa, enabling third-country nationals to cross the border;
- (b) the documents enabling third-country nationals to whom a visa is issued at the border by a Member State to cross the border;
- (c) the documents enabling third-country nationals not subject to a visa requirement to cross the border.

2. The travel documents of nationals of third countries who are members of the family of a Union citizen to whom Directive 2004/38/EC applies, but who do not present the residence card provided for in Article 10 of that Directive, shall be stamped on entry or exit.

The travel documents of nationals of third countries who are members of the family of nationals of third countries enjoying the Community right of free movement, but who do not present the residence card provided for in Article 10 of Directive 2004/38/EC, shall be stamped on entry or exit.

3. No entry or exit stamp shall be affixed:

- (a) to the travel documents of Heads of State and dignitaries whose arrival has been officially announced in advance through diplomatic channels;
- (b) to pilots' licences or the certificates of aircraft crew members;
- (c) to the travel documents of seamen who are present within the territory of a Member State only when their ship puts in and in the area of the port of call;

- (e) to documents enabling nationals of Andorra, Monaco and San Marino to cross the border.

Exceptionally, at the request of a third-country national, insertion of an entry or exit stamp may be dispensed with if insertion might cause serious difficulties for that person. In that case, entry or exit shall be recorded on a separate sheet indicating the name and passport number. That sheet shall be given to the third-country national.

4. The practical arrangements for stamping are set out in Annex IV.

5. Whenever possible, third-country nationals shall be informed of the border guard's obligation to stamp their travel document on entry and exit, even where checks are relaxed in accordance with Article 8.

6. The Commission shall report to the European Parliament and the Council by the end of 2008 on the operation of the provisions on stamping travel documents.

Article 11

Presumption as regards fulfilment of conditions of duration of stay

1. If the travel document of a third-country national does not bear an entry stamp, the competent national authorities may presume that the holder does not fulfil, or no longer fulfils, the conditions of duration of stay applicable within the Member State concerned.

2. The presumption referred to in paragraph 1 may be rebutted where the third-country national provides, by any means, credible evidence, such as transport tickets or proof of his or her presence outside the territory of the Member States, that he or she has respected the conditions relating to the duration of a short stay.

In such a case:

- (a) where the third-country national is found on the territory of a Member State applying the Schengen *acquis* in full, the competent authorities shall indicate, in accordance with national law and practice, in his or her travel document the date on which, and the place where, he or she crossed the external border of one of the Member States applying the Schengen *acquis* in full;
- (b) where the third-country national is found on the territory of a Member State in respect of which the decision contemplated in Article 3(2) of the 2003 Act of Accession has not been taken, the competent authorities shall indicate, in accordance with national law and practice, in his or her travel document the date on which, and the place where, he or she crossed the external border of such a Member State.

In addition to the indications referred to in points (a) and (b), a form as shown in Annex VIII may be given to the third-country national.

Member States shall inform each other and the Commission and the Council General Secretariat of their national practices with regard to the indications referred to in this Article.

3. Should the presumption referred to in paragraph 1 not be rebutted, the third-country national may be expelled by the competent authorities from the territory of the Member States concerned.

Article 12

Border surveillance

1. The main purpose of border surveillance shall be to prevent unauthorised border crossings, to counter cross-border criminality and to take measures against persons who have crossed the border illegally.

2. The border guards shall use stationary or mobile units to carry out border surveillance.

That surveillance shall be carried out in such a way as to prevent and discourage persons from circumventing the checks at border crossing points.

3. Surveillance between border crossing points shall be carried out by border guards whose numbers and methods shall be adapted to existing or foreseen risks and threats. It shall involve frequent and sudden changes to surveillance periods, so that unauthorised border crossings are always at risk of being detected.

4. Surveillance shall be carried out by stationary or mobile units which perform their duties by patrolling or stationing themselves at places known or perceived to be sensitive, the aim of such surveillance being to apprehend individuals crossing the border illegally. Surveillance may also be carried out by technical means, including electronic means.

5. Additional rules governing surveillance may be adopted in accordance with the procedure referred to in Article 33(2).

Article 13

Refusal of entry

1. A third-country national who does not fulfil all the entry conditions laid down in Article 5(1) and does not belong to the categories of persons referred to in Article 5(4) shall be refused entry to the territories of the Member States. This shall be without prejudice to the application of special provisions concerning the right of asylum and to international protection or the issue of long-stay visas.

2. Entry may only be refused by a substantiated decision stating the precise reasons for the refusal. The decision shall be taken by an authority empowered by national law. It shall take effect immediately.

The substantiated decision stating the precise reasons for the refusal shall be given by means of a standard form, as set out in Annex V, Part B, filled in by the authority empowered by national law to refuse entry. The completed standard form shall be handed to the third-country national concerned, who shall acknowledge receipt of the decision to refuse entry by means of that form.

3. Persons refused entry shall have the right to appeal. Appeals shall be conducted in accordance with national law. A written indication of contact points able to provide information on representatives competent to act on behalf of the third-country national in accordance with national law shall also be given to the third-country national.

Lodging such an appeal shall not have suspensive effect on a decision to refuse entry.

Without prejudice to any compensation granted in accordance with national law, the third-country national concerned shall, where the appeal concludes that the decision to refuse entry was ill-founded, be entitled to correction of the cancelled entry stamp, and any other cancellations or additions which have been made, by the Member State which refused entry.

4. The border guards shall ensure that a third-country national refused entry does not enter the territory of the Member State concerned.

5. Member States shall collect statistics on the number of persons refused entry, the grounds for refusal, the nationality of the persons refused and the type of border (land, air or sea) at which they were refused entry. Member States shall transmit those statistics once a year to the Commission. The Commission shall publish every two years a compilation of the statistics provided by the Member States.

6. Detailed rules governing refusal of entry are given in Part A of Annex V.

Affixing stamps

1. The travel documents of third-country nationals shall be systematically stamped on entry and exit, in accordance with Article 10. The specifications of those stamps are laid down in the Schengen Executive Committee Decision SCH/COM-EX (94) 16 rev and SCH/Gem-Handb (93) 15 (CONFIDENTIAL).
2. The security codes on the stamps shall be changed at regular intervals not exceeding one month.
3. On the entry and exit of third-country nationals subject to the visa obligation, the stamp will, if possible, be affixed so that it covers the edge of the visa without affecting the legibility of the indications on the visa or the security features of the visa sticker. If several stamps must be affixed (for example in the case of a multiple-entry visa, this shall be done on the page facing the one on which the visa is affixed).

If that page cannot be used, the stamp shall be entered on the following page. The machine readable zone shall not be stamped.

4. Member States shall designate national contact points responsible for exchanging information on the security codes of the entry and exit stamps used at border crossing points and shall inform the other Member States, the General Secretariat of the Council and the Commission thereof. Those contact points shall have access without delay to information regarding common entry and exit stamps used at the external border of the Member State concerned, and in particular to information on the following:

 - (c) the security code of a given stamp at any given time.

Any inquiries regarding common entry and exit stamps shall be made through the abovementioned national contact points.

The national contact points shall also forward immediately to the other contact points, the General Secretariat of the Council and the Commission information regarding a change in the contact points as well as lost and stolen stamps.

ANNEX V

PART A

Procedures for refusing entry at the border

1. When refusing entry, the competent border guard shall:
 - (a) fill in the standard form for refusing entry, as shown in Part B. The third-country national concerned shall sign the form and shall be given a copy of the signed form. Where the third-country national refuses to sign, the border guard shall indicate this refusal in the form under the section 'comments';
 - (b) affix an entry stamp on the passport, cancelled by a cross in indelible black ink, and write opposite it on the right-hand side, also in indelible ink, the letter(s) corresponding to the reason(s) for refusing entry, the list of which is given on the abovementioned standard form for refusing entry;
 - (c) cancel the visa by applying a stamp stating 'CANCELLED' in the cases referred to in paragraph 2. In such a case the optically variable feature of the visa sticker, the security feature 'latent image effect' as well as the term 'visa' shall be destroyed by crossing it out so as to prevent any later misuse. The border guard shall inform his/her central authorities of this decision forthwith;
 - (d) record every refusal of entry in a register or on a list stating the identity and nationality of the third-country national concerned, the references of the document authorising the third-country national to cross the border and the reason for, and date of, refusal of entry;
2. The visa shall be cancelled in the following cases:
 - (a) if the holder of the visa is the subject of an alert in the SIS for the purposes of being refused entry unless he or she holds a visa or re-entry visa issued by one of the Member States and wishes to enter for transit purposes in order to reach the territory of the Member State which issued the document;
 - (b) if there are serious grounds to believe that the visa was obtained in a fraudulent way.

However, the failure of the third-country national to produce, at the border, one or more of the supporting documents referred to in Article 5(2), shall not automatically lead to a decision to cancel the visa.

3. If a third-country national who has been refused entry is brought to the border by a carrier, the authority responsible locally shall:
 - (a) order the carrier to take charge of the third-country national and transport him or her without delay to the third country from which he or she was brought, to the third country which issued the document authorising him or her to cross the border, or to any other third country where he or she is guaranteed admittance, or to find means of onward transportation in accordance with Article 26 of the Schengen Convention and Council Directive 2001/51/EC of 28 June 2001 supplementing the provisions of Article 26 of the Convention implementing the Schengen Agreement of 14 June 1985 ⁽¹⁾;
 - (b) pending onward transportation, take appropriate measures, in compliance with national law and having regard to local circumstances, to prevent third-country nationals who have been refused entry from entering illegally.
4. If there are grounds both for refusing entry to a third-country national and arresting him or her, the border guard shall contact the authorities responsible to decide on the action to be taken in accordance with national law.

ANNEX VI

Specific rules for the various types of border and the various means of transport used for crossing the Member States' external borders**1. Land borders****1.1. Checks on road traffic**

1.1.1. To ensure effective checks on persons, while ensuring the safety and smooth flow of road traffic, movements at border crossing points shall be regulated in an appropriate manner. Where necessary, Member States may conclude bilateral agreements to channel and block traffic. They shall inform the Commission thereof pursuant to Article 37.

1.1.2. At land borders, Member States may, where they deem appropriate and if circumstances allow, install or operate separate lanes at certain border crossing points, in accordance with Article 9.

Separate lanes may be dispensed with at any time by the Member States' competent authorities, in exceptional circumstances and where traffic and infrastructure conditions so require.

Member States may cooperate with neighbouring countries with a view to the installation of separate lanes at external border crossing points.

1.1.3. As a general rule, persons travelling in vehicles may remain inside them during checks. However, if circumstances so require, persons may be requested to alight from their vehicles. Thorough checks will be carried out, if local circumstances allow, in areas designated for that purpose. In the interests of staff safety, checks will be carried out, where possible, by two border guards.

1.2. Checks on rail traffic

1.2.1. Checks shall be carried out both on train passengers and on railway staff on trains crossing external borders, including those on goods trains or empty trains. Those checks shall be carried out in either one of the following two ways:

- on the platform, in the first station of arrival or departure on the territory of a Member State,
- on board the train, during transit.

Member States may conclude bilateral agreements on how to conduct those checks. They shall inform the Commission thereof pursuant to Article 37.

1.2.2. By way of derogation from point 1.2.1 and in order to facilitate rail traffic flows of high-speed passenger trains, the Member States on the itinerary of these trains from third countries may also decide, by common agreement with third countries concerned, to carry out entry checks on persons in trains from third countries in either one of the following ways:

- in the stations in a third country where persons board the train,
- in the stations where persons disembark within the territory of the Member States,
- on board the train during transit between the stations on the territory of the Member States, provided that the persons stay on board the train in the previous station/stations.

1.2.3. With respect to high-speed trains from third countries making several stops in the territory of the Member States, if the rail transport carrier is in a position to board passengers exclusively for the remaining part of the journey within the territory of the Member States, such passengers shall be subject to entry checks either on the train or at the station of destination except where checks have been carried out pursuant to points 1.2.1 or 1.2.2 first indent.

Persons who wish to take the train exclusively for the remaining part of the journey within the territory of the Member States shall receive clear notification prior to the train's departure that they will be subject to entry checks during the journey or at the station of destination.

- 1.2.4. When travelling in the opposite direction, the persons on board the train shall be subject to exit checks under similar arrangements.
- 1.2.5. The border guard may order the cavities of carriages to be inspected if necessary with the assistance of the train inspector, to ensure that persons or objects subject to border checks are not concealed in them.
- 1.2.6. Where there are reasons to believe that persons who have been reported or are suspected of having committed an offence, or third-country nationals intending to enter illegally, are hiding on a train, the border guard, if he or she cannot act in accordance with his national provisions, shall notify the Member States towards or within whose territory the train is moving.

2. **Air borders**

2.1. *Procedures for checks at international airports*

2.1.1. The competent authorities of the Member States shall ensure that the airport operator takes the requisite measures to physically separate the flows of passengers on internal flights from the flows of passengers on other flights. Appropriate infrastructures shall be set in place at all international airports to that end.

2.1.2. The place where border checks are carried out shall be determined in accordance with the following procedure:

- (a) passengers on a flight from a third country who board an internal flight shall be subject to an entry check at the airport of arrival of the flight from a third country. Passengers on an internal flight who board a flight for a third country (transfer passengers) shall be subject to an exit check at the airport of departure of the latter flight;
- (b) for flights from or to third countries with no transfer passengers and flights making more than one stop-over at the airports of the Member States where there is no change of aircraft:
 - (i) passengers on flights from or to third countries where there is no prior or subsequent transfer within the territory of the Member States shall be subject to an entry check at the airport of entry and an exit check at the airport of exit;
 - (ii) passengers on flights from or to third countries with more than one stop-over on the territory of the Member States where there is no change of aircraft (transit passengers), and provided that passengers cannot board the aircraft for the leg situated within the territory of the Member States, shall be subject to an entry check at the airport of arrival and an exit check at the airport of departure;
 - (iii) where an airline may, for flights from third countries with more than one stop-over within the territory of the Member States, board passengers only for the remaining leg within that territory, passengers shall be subject to an exit check at the airport of departure and an entry check at the airport of arrival.

Checks on passengers who, during those stop-overs, are already on board the aircraft and have not boarded in the territory of the Member States shall be carried out in accordance with point (b)(ii). The reverse procedure shall apply to that category of flights where the country of destination is a third country.

2.1.3. Border checks will normally not be carried out on the aircraft or at the gate, unless it is justified on the basis of an assessment of the risks related to internal security and illegal immigration. In order to ensure that, at the airports designated as border crossing points, persons are checked in accordance with the rules set out in Articles 6 to 13, Member States shall ensure that the airport authorities take the requisite measures to channel passenger traffic to facilities reserved for checks.

Member States shall ensure that the airport operator takes the necessary measures to prevent unauthorised persons entering and leaving the reserved areas, for example the transit area. Checks will normally not be carried out in the transit area, unless it is justified on the basis of an assessment of the risks related to internal security and illegal immigration; in particular checks in this area may be carried out on persons subject to an airport transit visa in order to check that they are in possession of such a visa.

2.1.4. Where, in cases of *force majeure* or imminent danger or on the instructions of the authorities, an aircraft on a flight from a third country has to land on a landing ground which is not a border crossing point, that aircraft may continue its flight only after authorisation from the border guards and from customs. The same shall apply where an aircraft on a flight from a third country lands without permission. In any event, Articles 6 to 13 shall apply to checks on persons on those aircraft.

2.2. *Procedures for checks in aerodromes*

2.2.1. It shall be ensured that persons are also checked, in accordance with Articles 6 to 13, in airports which do not hold the status of international airport under the relevant national law (aerodromes) but through which the routing of flights from or to third countries is authorised.

2.2.2. By way of derogation from point 2.1.1 it shall not be necessary to make appropriate arrangements in aerodromes to ensure that inflows of passengers from internal and other flights are physically separated, without prejudice to Regulation (EC) No 2320/2002 of the European Parliament and of the Council of 16 December 2002 establishing common rules in the field of civil aviation security ⁽¹⁾. In addition, when the volume of traffic is low, the border guards need not be present at all times, provided that there is a guarantee that the necessary personnel can be deployed in good time.

2.2.3. When the presence of the border guards is not assured at all times in the aerodrome, the manager of the aerodrome shall give adequate notice to the border guards about the arrival and the departure of aircrafts on flights from or to third countries.

2.3. *Checks on persons on private flights*

2.3.1. In the case of private flights from or to third countries the captain shall transmit to the border guards of the Member State of destination and, where appropriate, of the Member State of first entry, prior to take-off, a general declaration comprising inter alia a flight plan in accordance with Annex 2 to the Convention on International Civil Aviation and information concerning the passengers' identity.

2.3.2. Where private flights coming from a third country and bound for a Member State make stop-overs in the territory of other Member States, the competent authorities of the Member State of entry shall carry out border checks and affix an entry stamp to the general declaration referred to in point 2.3.1.

2.3.3. Where uncertainty exists whether a flight is exclusively coming from, or solely bound for, the territories of the Member States without stop-over on the territory of a third country, the competent authorities shall carry out checks on persons in airports and aerodromes in accordance with points 2.1 to 2.2.

2.3.4. The arrangements for the entry and exit of gliders, micro-light aircraft, helicopters, small-scale aircraft capable of flying short distances only and airships shall be laid down by national law and, where applicable, by bilateral agreements.

3. **Sea borders**

3.1. *General checking procedures on maritime traffic*

3.1.1. Checks on ships shall be carried out at the port of arrival or departure, on board ship or in an area set aside for the purpose, located in the immediate vicinity of the vessel. However, in accordance with the agreements reached on the matter, checks may also be carried out during crossings or, upon the ship's arrival or departure, in the territory of a third country.

The purpose of checks is to ensure that both crew and passengers fulfil the conditions laid down in Article 5, without prejudice to Article 19(1)(c).

3.1.2. The ship's captain or, failing that, the individual or corporation who represents the shipowner in all matters relating to the shipowner's duties in fitting out the vessel (shipowner's agent), shall draw up a list, in duplicate, of the crew and of any passengers. At the latest upon arriving in the port he or she shall give the list(s) to the border guards. If, for reasons of *force majeure*, the list or lists cannot be sent to the border guards, a copy will be sent to the appropriate border post or shipping authority, which shall forward it without delay to the border guards.

3.1.3. One copy of the two lists duly signed by the border guard shall be returned to the ship's captain, who shall produce it on request when in port.

⁽¹⁾ OJ L 355, 30.12.2002, p. 1. Regulation as amended by Regulation (EC) No 849/2004 (OJ L 158, 30.4.2004, p. 1).

- 3.1.4. The ship's captain, or failing that, the shipowner's agent shall report to the competent authority promptly any changes to the composition of the crew or the number of passengers.

In addition, the captain shall notify the competent authorities promptly, and if possible even before the ship enters port, of the presence on board of stowaways. Stowaways will, however, remain under the responsibility of the ship's captain.

- 3.1.5. The ship's captain shall notify the border guards of the ship's departure in due time and in accordance with the rules in force in the port concerned; if he or she is unable to notify them, he or she shall advise the appropriate shipping authority. The second copy of the previously completed and signed list(s) shall be returned to border guards or shipping authorities.

3.2. *Specific check procedures for certain types of shipping*

Cruise ships

- 3.2.1. The cruise ship's captain or, failing that, the shipowner's agent shall transmit to the respective border guards the itinerary and the programme of the cruise, at least 24 hours before leaving the port of departure and before the arrival at each port in the territory of the Member States.

- 3.2.2. If the itinerary of a cruise ship comprises exclusively ports situated in the territory of the Member States, by way of derogation from Articles 4 and 7, no border checks shall be carried out and the cruise ship may dock at ports which are not border crossing points.

Nevertheless, on the basis of an assessment of the risks related to internal security and illegal immigration, checks may be carried out on the crew and passengers of those ships.

- 3.2.3. If the itinerary of a cruise ship comprises both ports situated in the territory of the Member States and ports situated in third countries, by way of derogation from Article 7, border checks shall be carried out as follows:

- (a) where the cruise ship comes from a port situated in a third country and calls for the first time at a port situated in the territory of a Member State, crew and passengers shall be subject to entry checks on the basis of the nominal lists of crew and passengers, as referred to in point 3.2.4.

Passengers going ashore shall be subject to entry checks in accordance with Article 7 unless an assessment of the risks related to internal security and illegal immigration shows that there is no need to carry out such checks;

- (b) where the cruise ship comes from a port situated in a third country and calls again at a port situated in the territory of a Member State, crew and passengers shall be subject to entry checks on the basis of the nominal lists of crew and passengers as referred to in point 3.2.4 to the extent that those lists have been modified since the cruise ship called at the previous port situated in the territory of a Member State.

Passengers going ashore shall be subject to entry checks in accordance with Article 7 unless an assessment of the risks related to internal security and illegal immigration shows that there is no need to carry out such checks;

- (c) where the cruise ship comes from a port situated in a Member State and calls at such a port, passengers going ashore shall be subject to entry checks in accordance with Article 7 if an assessment of the risks related to internal security and illegal immigration so requires;

- (d) where a cruise ship departs from a port situated in a Member State to a port in a third country, crew and passengers shall be subject to exit checks on the basis of the nominal lists of crew and passengers.

If an assessment of the risks related to internal security and illegal immigration so requires, passengers going on board shall be subject to exit checks in accordance with Article 7;

- (e) where a cruise ship departs from a port situated in a Member State to such a port, no exit checks shall be carried out.

Nevertheless, on the basis of an assessment of the risks related to internal security and illegal immigration, checks may be carried out on the crew and passengers of those ships.

3.2.4. The nominal lists of crew and passengers shall include:

- (a) name and surname;
- (b) date of birth;
- (c) nationality;
- (d) number and type of travel document and, where applicable, visa number.

The cruise ship's captain or, failing that, the shipowner's agent shall transmit to the respective border guards the nominal lists at least 24 hours before the arrival at each port in the territory of the Member States or, where the journey to this port lasts less than 24 hours, immediately after the boarding is completed in the previous port.

The nominal list shall be stamped at the first port of entry into the territory of the Member States and in all cases thereafter if the list is modified. The nominal list shall be taken into account in the assessment of the risks as referred to in point 3.2.3.

Pleasure boating

3.2.5. By way of derogation from Articles 4 and 7, persons on board a pleasure boat coming from or departing to a port situated in a Member State shall not be subject to border checks and may enter a port which is not a border crossing point.

However, according to the assessment of the risks of illegal immigration, and in particular where the coastline of a third country is located in the immediate vicinity of the territory of the Member State concerned, checks on those persons and/or a physical search of the pleasure boat shall be carried out.

3.2.6. By way of derogation from Article 4, a pleasure boat coming from a third country may, exceptionally, enter a port which is not a border crossing point. In that case, the persons on board shall notify the port authorities in order to be authorised to enter that port. The port authorities shall contact the authorities in the nearest port designated as a border crossing point in order to report the vessel's arrival. The declaration regarding passengers shall be made by lodging the list of persons on board with the port authorities. That list shall be made available to the border guards, at the latest upon arrival.

Likewise, if for reasons of *force majeure* the pleasure boat coming from a third country has to dock in a port other than a border crossing point, the port authorities shall contact the authorities in the nearest port designated as a border crossing point in order to report the vessel's presence.

3.2.7. During those checks, a document containing all the technical characteristics of the vessel and the names of the persons on board shall be handed in. A copy of that document shall be given to the authorities in the ports of entry and departure. As long as the vessel remains in the territorial waters of one of the Member States, a copy of that document shall be included amongst the ship's papers.

Coastal fishing

3.2.8. By way of derogation from Articles 4 and 7, the crews of coastal fisheries vessels which return every day or within 36 hours to the port of registration or to any other port situated in the territory of the Member States without docking in a port situated in the territory of a third country shall not be systematically checked. Nevertheless, the assessment of the risks of illegal immigration, in particular where the coastline of a third country is located in the immediate vicinity of the territory of the Member State concerned, shall be taken into account in order to determine the frequency of the checks to be carried out. According to those risks, checks on persons and/or a physical search of the vessel shall be carried out.

3.2.9. The crews of coastal fisheries vessels not registered in a port situated in the territory of a Member State shall be checked in accordance with the provisions relating to seamen.

The ship's captain shall notify the competent authorities of any alteration to the crew list and of the presence of any passengers.

Ferry connections

3.2.10. Checks shall be carried out on persons on board ferry connections with ports situated in third countries. The following rules shall apply:

- (a) where possible, Member States shall provide separate lanes, in accordance with Article 9;
- (b) checks on foot passengers shall be carried out individually;
- (c) checks on vehicle occupants shall be carried out while they are at the vehicle;
- (d) ferry passengers travelling by coach shall be considered as foot passengers. Those passengers shall alight from the coach for the checks;
- (e) checks on drivers of heavy goods vehicles and any accompanying persons shall be conducted while the occupants are at the vehicle. Those checks will in principle be organised separately from checks on the other passengers;
- (f) to ensure that checks are carried out quickly, there shall be an adequate number of gates;
- (g) so as to detect illegal immigrants in particular, random searches shall be made on the means of transport used by the passengers, and where applicable on the loads and other goods stowed in the means of transport;
- (h) ferry crew members shall be dealt with in the same way as commercial ship crew members.

4. Inland waterways shipping

- 4.1. 'Inland waterways shipping involving the crossing of an external border' covers the use, for business or pleasure purposes, of all types of boat and floating vessels on rivers, canals and lakes.
 - 4.2. As regards boats used for business purposes, the captain and the persons employed on board who appear on the crew list and members of the families of those persons who live on board shall be regarded as crew members or equivalent.
 - 4.3. The relevant provisions of points 3.1 to 3.2 shall apply *mutatis mutandis* to checks on inland waterways shipping.
-

ANNEX VII

Special rules for certain categories of persons**1. Heads of State**

By way of derogation from Article 5 and Articles 7 to 13, Heads of State and the members of their delegation, whose arrival and departure have been officially announced through diplomatic channels to the border guards, may not be subject to border checks.

2. Pilots of aircraft and other crew members

- 2.1. By way of derogation from Article 5 the holders of a pilot's licence or a crew member certificate as provided for in Annex 9 to the Civil Aviation Convention of 7 December 1944 may, in the course of their duties and on the basis of those documents:

- (a) embark and disembark in the stop-over airport or the airport of arrival situated in the territory of a Member State;
- (b) enter the territory of the municipality of the stop-over airport or the airport of arrival situated in the territory of a Member State;
- (c) go, by any means of transport, to an airport situated in the territory of a Member State in order to embark on an aircraft departing from that same airport.

In all other cases, the requirements provided for by Article 5(1) shall be fulfilled.

- 2.2. Articles 6 to 13 shall apply to checks on aircraft crew members. Wherever possible, priority will be given to checks on aircraft crews. Specifically, they will be checked either before passengers or at special locations set aside for the purpose. By way of derogation from Article 7, crews known to staff responsible for border controls in the performance of their duties may be subject to random checks only.

3. Seamen

- 3.1. By way of derogation from Articles 4 and 7, Member States may authorise seamen holding a seafarer's identity document issued in accordance with the Geneva Convention of 19 June 2003 (No 185), the London Convention of 9 April 1965 and the relevant national law, to enter into the territory of the Member States by going ashore to stay in the area of the port where their ships call or in the adjacent municipalities without presenting themselves at a border crossing point, on condition that they appear on the crew list, which has previously been submitted for checking by the competent authorities, of the ship to which they belong.

However, according to the assessment of the risks of internal security and illegal immigration, seamen shall be subject to a check in accordance with Article 7 by the border guards before they go ashore.

If a seaman constitutes a threat to public policy, internal security or public health, he may be refused permission to go ashore.

- 3.2. Seamen who intend to stay outside the municipalities situated in the vicinity of ports shall comply with the conditions for entry to the territory of the Member States, as laid down in Article 5(1).

4. Holders of diplomatic, official or service passports and members of international organisations

- 4.1. In view of the special privileges or immunities they enjoy, the holders of diplomatic, official or service passports issued by third countries or their Governments recognised by the Member States, as well as the holders of documents issued by the international organisations listed in point 4.4 who are travelling in the course of their duties, may be given priority over other travellers at border crossing points even though they remain, where applicable, subject to the requirement for a visa.

By way of derogation from Article 5(1)(c), persons holding those documents shall not be required to prove that they have sufficient means of subsistence.

- 4.2. If a person presenting himself or herself at the external border invokes privileges, immunities and exemptions, the border guard may require him or her to provide evidence of his or her status by producing the appropriate documents, in particular certificates issued by the accrediting State or a diplomatic passport or other means. If he or she has doubts, the border guard may, in case of urgent need, apply direct to the Ministry of Foreign Affairs.
- 4.3. Accredited members of diplomatic missions and of consular representations and their families may enter the territory of the Member States on presentation of the card referred to in Article 19(2) and of the document authorising them to cross the border. Moreover, by way of derogation from Article 13 border guards may not refuse the holders of diplomatic, official or service passports entry to the territory of the Member States without first consulting the appropriate national authorities. This shall also apply where an alert has been entered in the SIS for such persons.
- 4.4. The documents issued by the international organisations for the purposes specified in point 4.1 are in particular the following:
- United Nations *laissez-passer* issued to staff of the United Nations and subordinate agencies under the Convention on Privileges and Immunities of Specialised Agencies adopted by the United Nations General Assembly on 21 November 1947 in New York,
 - European Community (EC) *laissez-passer*,
 - European Atomic Energy Community (Euratom) *laissez-passer*,
 - legitimacy certificate issued by the Secretary-General of the Council of Europe,
 - documents issued pursuant to paragraph 2 of Article III of the Agreement between the Parties to the North Atlantic Treaty regarding the Status of their Force (military ID cards accompanied by a travel order, travel warrant, or an individual or collective movement order) as well as documents issued in the framework of the Partnership for Peace.

5. Cross-border workers

- 5.1. The procedures for checking cross-border workers are governed by the general rules on border control, in particular Articles 7 and 13.
- 5.2. By way of derogation from Article 7, cross-border workers who are well known to the border guards owing to their frequent crossing of the border at the same border crossing point and who have not been revealed by an initial check to be the subject of an alert in the SIS or in a national data file shall be subject only to random checks to ensure that they hold a valid document authorising them to cross the border and fulfil the necessary entry conditions. Thorough checks shall be carried out on those persons from time to time, without warning and at irregular intervals.
- 5.3. The provisions of point 5.2 may be extended to other categories of regular cross-border commuters.

6. Minors

- 6.1. Border guards shall pay particular attention to minors, whether travelling accompanied or unaccompanied. Minors crossing an external border shall be subject to the same checks on entry and exit as adults, as provided for in this Regulation.
- 6.2. In the case of accompanied minors, the border guard shall check that the persons accompanying minors have parental care over them, especially where minors are accompanied by only one adult and there are serious grounds for suspecting that they may have been unlawfully removed from the custody of the person(s) legally exercising parental care over them. In the latter case, the border guard shall carry out a further investigation in order to detect any inconsistencies or contradictions in the information given.
- 6.3. In the case of minors travelling unaccompanied, border guards shall ensure, by means of thorough checks on travel documents and supporting documents, that the minors do not leave the territory against the wishes of the person(s) having parental care over them.
