Dear Mr. Gilje,

Referring to the letter sent to Centrica 20.01.2015, 'TFO 2015 – Høring – TFO-området og forslag til utvidelse'.

Centrica Energi has on behalf of Centrica Resources (Norge) AS begun evaluating the new blocks proposed to be included in the APA 2015 acreage in both Norwegian Sea and Barents Sea.

Overall we find these blocks very interesting and highly support the proposal to increase the APA 2015 area with all the new blocks:

- 7125/2,3, 7126/1,4, 7119/2,3,5, 7219/11,12 and 7220/10,11 in the Barents Sea

Please do not hesitate to contact us in case you require any further clarification.
