OTHER INFORMATION/OTHER RELEVANT EXPERIENCE

Advokat Halvor Frihagen has worked on a number of cases regarding the legal issues linked to children having parents with links to more than one country, both traditional child abduction cases applying the conventions, but also cases regarding the children's welfare authorities, child support cases and other cases within the field of family and children's law.

He also has extensive experience in migration law and experience with criminal law involving child abduction, child abuse and other cases, both as a defence attorney, and assisting victims of crime.
