

## **TISA – Trade in Services Agreement**

### **Norway**

First Revised Initial conditional offer

~~TISA participants agreed at the TISA negotiations meeting on 20 September 2013 that initial offers should be submitted between 4 and 30 November 2013.~~

Norway hereby submits its first revised initial offer.

The initial revised offer does not include services supplied in the exercise of governmental authority. Norway reserves the right to establish, maintain and fully exercise its national legislation in order to achieve legitimate policy objectives in areas such as consumer protection, health, education and the environment.

Unless otherwise indicated, the classification of services sectors is based on the 1991 Provisional Central Product Classification of the United Nations Statistical Office and the ordering reflects the services sectoral classification list used in the WTO document MTN.GNS/W/120, dated 10 July 1991.

The offer is based on general provisions of the TISA as adopted by TISA participants per 15 April 2016~~8 November 2013~~, and on the condition that the general provisions of the TISA will contain Most-Favoured-Nation Treatment provisions equivalent to the GATS Art II and Art V, and that the TISA will not contain a Denial of Benefits provision similar to the GATS Art XXVII.

The offer on financial services indicates that Norway is ready to offer commitments based on the “Understanding on Commitments in Financial Services” of the GATS TISA annex on Financial Services as it stood at the time of drafting the revised offer.

Included in this offer are the schedule of specific commitments and the list of MFN Exemptions.

This offer is conditional and Norway reserves the right to withdraw, amend or supplement all or part of this offer at any time prior to the conclusion of the negotiations. Norway further reserves the right to make technical changes and to correct errors, omissions or inaccuracies.
