

**Regulation amending regulation of 1 June 2004 No 922 relating to restrictions on the use of chemicals dangerous to health and environment and other products (Product regulations)**

Adopted by The Ministry of the Environment 9 December 2007 pursuant to section 4 of the Product Control Act of 11 June 1979.

I

The following changes are made in Regulation of 1 June 2004 No 922 relating to restrictions on the use of chemicals dangerous to health and environment and other products (product regulation):

Changes in § 2-20 Brominated flame retardants shall read:

First paragraph new litra c) reads:

Name	CAS-number	Formula
Decabromodiphenyl ether	1163-19-5	C <sub>12</sub> Br <sub>10</sub> O

New paragraph four reads:

Exempted from this prohibition is the use of decabromodiphenyl ether in:

- a) vehicle which is approved according to the at all times existing Norwegian regulation relating to the Vehicle Construction Regulation of 4 October 1994 no. 918
- b) for crafts recorded in the Norwegian Civil Aircraft Register in accordance with the Act of 11 June 1993 No. 101 relating aviation
- c) vessels recorded in accordance with the Act of 24 June 1994 No. 39 relating to navigation or Norwegian International Ship Register in accordance with the Act of 12 June 1987 No. 48 relating to the Norwegian International Ship Register
- d) rolling material for use on railway, including tram, metro, subway, and similar means of transport intended to be used on track.

New paragraph five reads:

Decabromodiphenyl ether in electric and electronic equipment included in §3-17 of this regulation is prohibited by §3-18 of this regulation.

II

The regulation shall enter into force 1 April 2008.
