Opening

Michail Papadopoulos, *Hellenic Deputy Minister of Infrastructure, Transport and Networks, Hellenic Presidency of the Council of the European Union*

— From de 15 h —

Round table 1

Towards more effective and homogeneous control policies

The aim of enforcement is to ensure compliance with the applicable regulations. For this round table discussion, the objectives, the priorities and also the operating means of control will be interrogated with concrete examples. Because the efficacy

of control policies is depending of given tools and means, the question of control policies coordination and harmonisation between Member States for a better efficiency is central in the current debate.

Speakers

Gilles Savary, *French MP, former MEP and former Chairman of European Parliament's "Transport & Tourism" Committee*

Magnus Heunicke, *Danish Minister of Transport and Infrastructures*

Robert Goodwill, *Parliamentary Under-Secretary of State for Transport, UK*

Gérard Schipper, *General Delegate of ECR*

Michael Nielsen, *General Delegate of IRU*

Round table 2

European regulations and road haulage transport: what social convergence ?

In a difficult economic climate, we can nowadays see in road haulage sector new phenomenons that can impact competitive equilibrium and reconsider the work conditions of millions of European drivers.

This round table discussion has the ambition to draw some perspectives for a European social convergence, to reach the goals of a common progress and fair competition
